

## Cal-HOSA Regional Online Testing

Cal-HOSA is offering online regional testing to assist students in studying, preparing, and experiencing HOSA tests for competitive events at the SLC in March 2010. This is not an elimination round.

**Why?** To provide Cal-HOSA members with the opportunity to experience HOSA written testing prior to the actual event at the State Leadership Conference (SLC)

**How?** Send an **Excel spreadsheet** with (use attached spreadsheet and see example below):

- Student's first and last name, school, chapter advisor's name, and the test(s) each student is taking using the national HOSA abbreviations (reference the National HOSA web site Competitive Event section for abbreviations). Students are limited to 2 test per student
- **\$2.00 for per test** for each student

- Registered chapters receive specific directions/information with their **password and instructions** from Mike at Tri Leadership accessing the online testing after the applications are received and before the testing starts
- All registrations must be completed **electronically**. Handwritten registrations will **NOT** be accepted
- Advisors must **monitor all testing** adhering to the national HOSA guidelines – this includes using the same **test timing** as specified by national HOSA guidelines
- **Registration deadline – Monday January 11, 2010**
- Students receive their **test results** online at the end of each test. Students can use this information to study and possibly improve scores at the 2010 SLC.
- Advisors receive a copy of the student's test results after all testing is completed

Example of spreadsheet application – use the exact wording for the events as shown below
